NAPFA National Board Chair

The NAPFA National Board of Directors is pleased to announce that Susan M. John, CFP® has been elected to serve as its Chair in 2010-11. Susan, who is the president of Financial Focus, Inc. in Wolfeboro, NH, will take the reins as of September 1st.

Having begun her financial planning career in 1985, Susan became a CFP® practitioner in 1989. She joined NAPFA in 1990 and is currently serving as chair of the Industry Issues Committee as part of the national board. In her current role, she has been instrumental in identifying issues of importance to the organization's membership. She has also been intimately involved with the Financial Planning Coalition, which has been working with congressional leaders to make financial planning a recognized profession.

This is Susan's second term on NAPFA's National Board, having served previously in the 1990s. We thank Susan for her volunteer spirit, strong understanding of the issues and willingness to lead the organization.

Election Results
